3. Projected Results for Fiscal 2004 (April 1, 2003 to March 31, 2004)

|  | Net sales (¥ million) | Ordinary income <br> (¥ million) | Net income (¥ million) | Net income per share <br> $(\nexists)$ |
| :--- | :---: | :---: | :---: | :---: |
| Six months ending 9/03 | 42,500 | 4,400 | 2,600 | 116.63 |
| Year ending 3/04 | 92,100 | 11,300 | 6,600 | 296.06 |

The first quarter ended with net sales, particularly mail-order sales, below original projections. As the difficult operating environment is expected to continue, projected net sales for the first half and the full fiscal year have each been revised downward by $¥ 3.1$ billion from the previously announced figures. Although the decline in sales will be a factor reducing income, the Company intends to offset this by reducing expenses, and therefore has not revised the previously announced figures for income.

Note: The above projections were made based on information available to the Company at the time of publication of these materials. Actual results may differ depending on a number of factors including but not limited to economic conditions.

## Operating Results (Quarterly Summary)

## (1) Operating Results

The Japanese economy remained clouded by uncertainty during the quarterly period as personal consumption continued to be sluggish, though capital investment increased slightly.

In the cosmetics industry, the market turned upward slightly amid continued polarization in product prices.
In the nutritional supplements industry, although the market is expanding, competition intensified substantially.

## 1) Cosmetics Business

For FANCL cosmetics, the Company launched SHAPE DESIGN body lotion on May 21 to revitalize sales of body care products, which had slumped in the previous period. For ATTENIR cosmetics, product renewals and new product introductions focused on whitening products and moisturizer.

Sales
In the Cosmetics Business, sales decreased $7.9 \%$ compared with the same period in the previous year to $¥ 8,854$ million.

|  | Three months ended 6/03 |  | Three months ended 6/02 |  | $\%$ change |
| :--- | :---: | :---: | ---: | ---: | :---: |
|  | Amount | $\%$ of total | Amount | $\%$ of total |  |
| FANCL cosmetics | $¥ 6,662$ million | 75.2 | $¥ 7,757$ milli | 80.7 | $(14.1)$ |
| ATTENIR cosmetics | $¥ 2,054$ million | 23.2 | $¥ 1,774$ milli | 18.5 | 15.8 |
| Other | $¥ 137$ million | 1.6 | $¥ 80$ milli | 0.8 | 71.0 |
| Total | $¥ 8,854$ million | 100.0 | $¥ 9,612$ milli | 100.0 | $(7.9)$ |

|  | Three months ended 6/03 |  | Three months ended 6/02 |  | $\%$ change |
| :--- | :---: | :---: | :---: | :---: | :---: |
|  | Amount | $\%$ of total | Amount | $\%$ of total |  |
| Mail-order sales | $¥ 5,561$ million | 62.8 | $¥ 5,941$ million | 61.8 | $(6.4)$ |
| Retail store sales | $¥ 2,670$ million | 30.2 | $¥ 2,856$ million | 29.7 | $(6.5)$ |
| Other | $¥ 622$ million | 7.0 | $¥ 814$ million | 8.5 | $(23.6)$ |
| Total | $¥ 8,854$ million | 100.0 | $¥ 9,612$ million | 100.0 | $(7.9)$ |

Mail-order sales were $¥ 5,561$ million, a decrease of $6.4 \%$ compared with the same period in the previous year.
For FANCL cosmetics, the number of mail-order customers declined due to factors such as a delay in spending on advertising and sales promotions. Although sales of body care products were higher than in the same period in the previous year because of the effect from a new product, sales of skin care products and makeup decreased, resulting in an overall $14.7 \%$ decrease in sales to $¥ 3,620$ million.

Sales of ATTENIR cosmetics increased $14.5 \%$ compared with the same period in the previous year to $¥ 1,941$ million, as effective advertising campaigns and sales promotions increased the number of customers to a new high (as of June 30), and strong sales of skin care products and makeup continued.

Retail store sales decreased $6.5 \%$ compared with the same period in the previous year to $¥ 2,670$ million. Sales at existing stores, which had been recovering, suffered a downturn, despite the opening of FANCL Square on April 4, 2003. As of June 30, 2003, the number of FANCL House shops (including two franchise stores; no stores opened or closed during the quarter) was 119 , the number of ATTENIR shops was five (no stores opened or closed during the quarter), and the number of other types of shops was two (no stores opened or closed during the quarter).

In other sales channels, sales decreased $23.6 \%$ compared with the previous year to $¥ 622$ million, reflecting a decline in daily sales of products at Lawson convenience stores and decreased sales for Hong Kong due to the effect of SARS and other factors.

## Operating income

As a result of improvement in the cost of sales ratio and decreases in advertising and sales promotion expenses, the operating margin increased 1.8 percentage points from the same period in the previous year to $24.5 \%$. However, because of the large decrease in sales of FANCL cosmetics, operating income declined $0.8 \%$ to $¥ 2,168$ million.

## 2) Nutritional Supplements Business

In the Nutritional Supplements Business, FANCL introduced two new products on May 21, the SHAPE DESIGN supplement, and MESIMAKOBU, a supplement that was co-developed with Han Kook Sin Yak of Korea and shows promise for effects including boosted immune system function.

Sales
In the Nutritional Supplements Business, sales decreased $5.4 \%$ compared with the same period in the previous year, to $¥ 6,844$ million.

|  | Three months ended 6/03 |  | Three months ended 6/02 |  | $\%$ change |
| :--- | :---: | :---: | :---: | :---: | :---: |
|  | Amount | $\%$ of total | Amount | $\%$ of total |  |
| Mail-order sales | $¥ 3,899$ million | 57.0 | $¥ 4,105$ million | 56.8 | $(5.0)$ |
| Retail store sales | $¥ 1,368$ million | 20.0 | $¥ 1,309$ million | 18.1 | 4.5 |
| Other | $¥ 1,576$ million | 23.0 | $¥ 1,816$ million | 25.1 | $(13.2)$ |
| Total | $¥ 6,844$ million | 100.0 | $¥ 7,231$ million | 100.0 | $(5.4)$ |

Mail-order sales decreased $5.0 \%$ compared with the same period in the previous year to $¥ 3,899$ million. Attracting new customers proved difficult due to heightened competition, and the number of customers declined. By product segment, sales of diet supplements increased, reflecting the introduction of a new product. This increase, however, did not fully compensate for the decline in sales of the Support Series and vitamin and mineral products.

In retail store sales, sales at FANCL House shops, which mainly sell cosmetics, were essentially unchanged fromthe same period in the previous year, but the effect from the opening of a new Genki Station shop and FANCL Square resulted in an increase of $4.5 \%$ compared with the same period in the previous year to $¥ 1,368$ million. As of June 30, 2003, the number of Genki Station shops was nine (with one new shop opened during the period) and the number of Genki Net shops was two (with eight shops closed during the period).

In other sales channels, sales decreased $13.2 \%$ compared with the same period in the previous year to $¥ 1,576$ million, due to lackluster sales at Lawson convenience stores and a decline in sales for Hong Kong reflecting the effect of SARS.

## Operating income

The decline in net sales and a sharp rise in the cost of certain raw materials resulted in a steep decline in gross profit. As a result, although advertising expenses and other expenses decreased, operating income fell $25.4 \%$ compared with the same period in the previous year to $¥ 1,289$ million, and the operating margin dropped 5.1 percentage points to $18.8 \%$.

## 3) Other Businesses

## Sales

In Other Businesses, sales rose $1.0 \%$ compared with the same period in the previous year, to $¥ 5,186$ million.

|  | Three months ended 6/03 | Three months ended 6/02 | $\%$ change |
| :--- | :---: | :---: | :---: |
| Hatsuga Genmai Business | $¥ 1,564$ million | $¥ 1,445$ million | 8.2 |
| Kale Juice Business | $¥ 793$ million | $¥ 430$ million | 84.3 |
| NGC mail-order business | $¥ 1,947$ million | $¥ 2,543$ million | $(23.5)$ |
| Other | $¥ 881$ million | $¥ 714$ million | 23.3 |
| Total | $¥ 5,186$ million | $¥ 5,135$ million | 1.0 |

In the Hatsuga Genmai Business, solid mail-order sales of economy-size 4-kg and 8-kg packages were solid, and overall sales increased. However, OEM supply to the Japan Rice Millers and Distributors Cooperative and the Hokuren Federation of Agricultural Cooperatives stopped at the level of the same period in the previous year, when sales had grown due to hatsuga genmai being featured on popular health information TV programs.

In the Kale Juice Business, an increase in the number of annual subscribers to the delivery service resulted in substantial growth in mail-order sales. Wholesale to convenience stores and others was also favorable.

In the mail-order business of NGC Co., Ltd., NGC is undertaking a general reassessment of its businesses, including the contents of the catalog, customer services and product lineup. As a result, sales declined compared with the same period in the previous year.

In other businesses, sales of household sundries were firm, and net sales of FANCL Square esthetic salons and other establishments were included for the first time this quarterly period. As a result, sales increased compared with the same period in the previous year.

## Operating income

Although income in the Hatsuga Genmai and Kale Juice businesses improved, a decrease in profits from the mail-order business of NGC resulted in operating income of $¥ 127$ million, a decrease of $6.3 \%$ from the same period in the previous year. The operating margin declined 0.2 percentage points to $2.5 \%$.

As a result, total net sales for the first quarter decreased $5.0 \%$ compared with same period in the previous year to $¥ 20,885$ million; operating income decreased $15.0 \%$ to $¥ 3,066$ million; and the operating margin declined 1.7 percentage points to $14.7 \%$.

Net non-operating income decreased $¥ 26$ million compared with the same period in the previous year because of a decrease in insurance refunds. Ordinary income decreased $15.7 \%$ to $¥ 3,046$ million and the ordinary income margin dropped 1.8 percentage points to $14.6 \%$.

Net income fell $18.1 \%$ compared with the same period in the previous year to $¥ 1,714$ million, and the ratio of net income to net sales declined 1.3 percentage points to $8.2 \%$.
